

## Ferguslie Park Housing Association Ltd

### 31 March 2016

This Regulation Plan sets out the engagement we will have with Ferguslie Park Housing Association Ltd (Ferguslie Park) during the financial year 2016/17. Our regulatory framework explains more about our assessments and the purpose of this Regulation Plan.

### Regulatory profile

Ferguslie Park was registered as a social landlord in 1988. It owns 809 houses, including 7 shared ownership units. It is a registered charity and employs around 15 staff.

Ferguslie Park's turnover at the end of March 2015 was just over £3.25 million. It has one unregistered subsidiary, The New Tannahill Centre Ltd, which manages the local community centre that provides commercial and community facilities for the local area.

We have been engaging with Ferguslie Park and identified a number of serious weaknesses in its governance and financial management as well as serious failures to comply with our Regulatory Standards of Governance and Financial Management.

Ferguslie Park commissioned an independent investigation that concluded in December 2015. It highlighted a number of serious concerns including inappropriate payments being made without the proper delegated authority. We also received a Section 72 notice from external auditors earlier in 2015 notifying us of inappropriate payments. We consider these areas of concern pose significant risks to the interests of tenants, to public and private funders' confidence and to the reputation of registered social landlords. In February 2016, we used our statutory powers to appoint a manager to Ferguslie Park under section 58 of the Housing (Scotland) Act 2010. We also used our statutory powers under section 65 of the Housing (Scotland) Act 2010 to appoint three additional members to Ferguslie Park's governing body.

These appointments have been made to:

- address the serious risks to Ferguslie Park's governance and financial management arising from the issues identified in the independent investigation;
- consider and review whether the current governance, financial management processes and procedures and internal controls are fit for purpose; and
- assist and support the governing body to ensure that Ferguslie Park meets our regulatory standards.

The manager has the following remit:

- addressing the serious and urgent risks attached to Ferguslie Park's governance and financial management;
- putting in place the necessary policies, internal controls and safeguards to ensure financial transparency and probity; and
- carrying out a strategic review with particular emphasis on governance and financial management, and implement any necessary improvements to ensure that Ferguslie Park meets our Regulatory Standards.

The governing body has recognised the serious nature of the issues and the risk they present to tenants' interests. It has responded positively and is working openly with us to address these serious governance and financial management weaknesses.

## **Our engagement with Ferguslie Park Housing Association Ltd– High**

We will have high engagement with Ferguslie Park in light of the serious weaknesses in its governance and financial management.

1. The manager and the appointees to the governing body will be accountable to the regulator and will report to us on progress. The appointments are for a period of six months from February 2016. We will review Ferguslie Park's progress in delivering the improvements to address the issues identified, and we may extend the appointments if we consider it necessary.
2. Ferguslie Park should alert us to notifiable events and seek our consent as appropriate. It should provide us with the annual regulatory returns we review for all RSLs:
  - audited financial statements and external auditor's management letter;
  - loan portfolio return;
  - five year financial projections; and
  - Annual Return on the Charter.

This plan will be kept under review and may be changed to reflect particular or new events. The engagement strategy set out in this plan does not restrict us from using any other form of regulatory engagement to seek additional assurance should the need arise.
